PRESS RELEASE

Moore Tool signs on Allegheny Machine Tool Systems, Inc. for Western Pennsylvania

Moore Tool, Bridgeport Connecticut, and Allegheny Machine Tool Systems, Inc., of McMurray Pennsylvania, have joined forces to better serve the increasingly complex machine tool needs of the manufacturing base in Western Pennsylvania. With Allegheny's professional Service, Parts, Applications and Sales Departments, Moore Tool is uniquely positioned to offer customers viable and productive jig grinder solutions. Christian Marsilius, Vice President, Sales and Marketing for Moore Tool, commented, "Western Pennsylvania is a key and critical area of growth for our jig grinding machine tool business and we are extremely pleased to be partnered with Allegheny. Their excellent breadth and depth of sales and service expertise will help us better support our customers and provide the level of attention they require."

About Allegheny Machine Tool Systems, Inc.

Allegheny Machine Tool Systems, Inc. is a full-service, sales and application engineering-based distributor. AMTSI has been distributing and supporting world-class machine tools in Western Pennsylvania, Western Maryland and West Virginia since 1992. The organization's focus is on customer productivity and profitability.

About Moore Tool

Moore Tool Company offers a complete line of CNC-controlled grinding machine systems and accessories. In addition, the company operates an ultra-precision manufacturing business certified to ISO 9000 and AS 9100 standards with a unique focus on 5-axis milling and ultra-precision jig grinding. The company is ITAR registered. The company operates out of 100,000 SF in Bridgeport, CT, U.S.A. and through Moore Special Tool AG in Zurich Switzerland.
