PRESS RELEASE

Daunert Maquinas Herramientas, S.A. and Moore Tool Form a Partnership for Spain

Moore Tool, Bridgeport Connecticut, and Daunert Maquinas Herramientas, S.A. of Barcelona, Spain, have entered an agreement to serve the needs of the tool, die and precision component markets of Spain. Daunert has developed very important relationships through technical knowledge and a strong understanding of the needs of their customers in this market. Christian Marsilius, Vice President, Sales and Marketing for Moore Tool, commented, "There is a core group of highly sophisticated customers in Spain who require jig grinding type tolerances in the work they are producing. Daunert's technical skills and deep knowledge will help serve these customers and meet their demanding needs."

About Daunert Maquinas Herramientas, S.A.

Daunert Maquina Herramientas was founded early last century by Maximilian Daunert. For years, the company had worked with Schütte of Berlin, generating business opportunities in Europe and the United States. The outbreak of World War I led to the deterioration of transport and communications, which affected the continuity of this activity. Maximilian Daunert set out on his own, thanks to his acquired knowledge about the world of machine tools, DAUNERT was founded in 1917. Since then, four generations have been at the head of this company, contributing to its development and making it one of the oldest machine tools distributors in Europe.

About Moore Tool

Moore Tool Company offers a complete line of CNC-controlled grinding machine systems and accessories. In addition, the company operates an ultra-precision manufacturing business certified to ISO 9000 and AS 9100 standards with a unique focus on 5-axis milling and ultra-precision jig grinding. The company is ITAR registered. The company operates out of 100,000 SF in Bridgeport, CT, U.S.A. and through Moore Special Tool AG in Zurich Switzerland.
